Chip beads

For power line

MPZ series

$MPZ0402_{type}$

MPZ0402

0402[01005 inch]*

* Dimensions code: JIS[EIA]

REMINDERS FOR USING THESE PRODUCTS

Before using these products, be sure to request the delivery specifications.

SAFETY REMINDERS

Please pay sufficient attention to the warnings for safe designing when using this products.

 The storage period is less than 12 months. Be sure to follow the stor less). If the storage period elapses, the soldering of the terminal electrode 								
 Do not use or store in locations where there are conditions such as 								
 Before soldering, be sure to preheat components. The preheating temperature should be set so that the temperature does not exceed 150°C. 	difference between the solder temperature and chip temperature							
 Soldering corrections after mounting should be within the range of the If overheated, a short circuit, performance deterioration, or lifespan 	-							
O When embedding a printed circuit board where a chip is mounted t the overall distortion of the printed circuit board and partial distortion								
 Self heating (temperature increase) occurs when the power is turn design. 	ned ON, so the tolerance should be sufficient for the set thermal							
 Carefully lay out the coil for the circuit board design of the non-magn A malfunction may occur due to magnetic interference. 	netic shield type.							
\bigcirc Use a wrist band to discharge static electricity in your body through	the grounding wire.							
\bigcirc Do not expose the products to magnets or magnetic fields.								
\bigcirc Do not use for a purpose outside of the contents regulated in the de	livery specifications.							
 The products listed on this catalog are intended for use in general ment, home appliances, amusement equipment, computer equipment, industrial robots) under a normal operation and use condition. The products are not designed or warranted to meet the requirement ity require a more stringent level of safety or reliability, or whose fail person or property. If you intend to use the products in the applications listed below or interval and the products of the products in the applications. 	nent, personal equipment, office equipment, measurement equip- ts of the applications listed below, whose performance and/or qual- ure, malfunction or trouble could cause serious damage to society,							
set forth in the each catalog, please contact us.								
(1) Aerospace/aviation equipment(8) Public information-processing equipment(2) Transportation equipment (cars, electric trains, ships, etc.)(9) Military equipment(3) Medical equipment(10) Electric heating apparatus, burning equipment(4) Power-generation control equipment(11) Disaster prevention/crime prevention equipment(5) Atomic energy-related equipment(12) Safety equipment(6) Seabed equipment(13) Other applications that are not considered general-purpor applications								
When designing your equipment even for general-purpose applications tection circuit/device or providing backup circuits in your equipment.	s, you are kindly requested to take into consideration securing pro-

Chip beads

For power line

Overview of MPZ0402 series

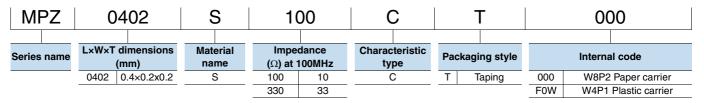

FEATURES

- Noise reduction solution for power line.
- O Compared to the MMZ series, has low direct current resistance for compatibility with large currents, optimal for low power consumption.
- O Performs well even in signal lines where low direct current resistance is required.

APPLICATION

- O Noise removal for mobile devices such as smartphones and tablet terminals, and various modules.
- O Noise removal for PCs and recorders, household appliances such as STBs, smart grids, and industrial equipment.

PART NUMBER CONSTRUCTION

OPERATING TEMPERATURE RANGE, PACKAGE QUANTITY, PRODUCT WEIGHT

	Temperat	ure range	Package quantity	Individual weight	
Туре	Operating temperature (°C)	Storage temperature* (°C)	(pieces/reel)	(mg)	
MPZ0402**T000 (W8P2 Paper carrier)	-55 to +125	-55 to +125	20,000	0.08	
MPZ0402**TF0W (W4P1 Plastic carrier)	-55 10 +125	-55 10 +125	40,000	0.08	

* The storage temperature range is for after the circuit board is mounted.

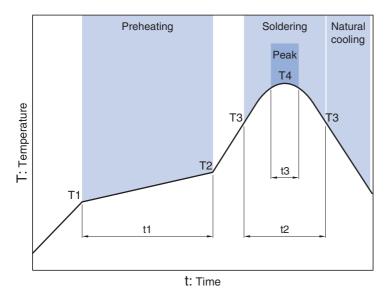

O RoHS Directive Compliant Product: See the following for more details. https://product.tdk.com/info/en/environment/rohs/index.html

O Halogen-free: indicates that CI content is less than 900ppm, Br content is less than 900ppm, and that the total CI and Br content is less than 1500ppm.

Please be sure to request delivery specifications that provide further details on the features and specifications of the products for proper and safe use. Please note that the contents may change without any prior notice due to reasons such as upgrading.

EMC Components

MPZ0402 type

MATERIAL CHARACTERISTIC

S material: Standard type that features impedance characteristics similar to those of a typical ferrite core. For power line applications in which the blocking region is near 100MHz. Impedance values selected for effectiveness at 40 to 300MHz.
